SUBJECT INDEX

Analysis
Analytical and Measured Strains in Sunshine Skyway Bridge. II, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p87-97.

Barges
Barge Collision Design of Highway Bridges, M. W. Whitney, I. E. Harik, J. J. Griffin and D. L. Allen, BE May 96, p47-58.

Bearing capacity
Design Methodology for Strengthening of Continuous-Span Composite Bridges, H. A. El-Arabaty, F. W. Klaiber, F. S. Fanous and T. J. Wipf, BE Aug. 96, p104-111.

Bolts
Field Study of Pretension in Large-Diameter A490 Bolts, Charles J. Oswald, Robert J. Dexter and Steven K. Brauer, BE Aug. 96, p121-126.

Bridge construction
Analytical and Measured Strains in Sunshine Skyway Bridge. II, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p87-97.

Field Instrumentation to Study the Time-Dependent Behavior in Sunshine Skyway Bridge. I, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p76-86.

Bridge decks
Punching Strength of Deck Slabs in Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE May 96, p59-66.

Static Behavior of Noncomposite Concrete Bridge Decks under Concentrated Loads, Michael F. Petrou, Philip C. Perdikaris and Mingzhu Duan, BE Nov. 96, p143-154.

Bridge design
Barge Collision Design of Highway Bridges, M. W. Whitney, I. E. Harik, J. J. Griffin and D. L. Allen, BE May 96, p47-58.

Economic Preliminary Design of Bridges with Prestressed I-Girders, Sami M. Fereig, BE Feb. 96, p18-25.

Editorial, Dennis Mertz, BE Feb. 96, p1.

Shakedown Tests of One-Third–Scale Composite Bridge, M. G. Barker, P. M. Bergson, C. E. French, R. T. Leon, T. V. Galambos and F. W. Klaiber, BE Feb. 96, p2-9.

Bridge inspection
Editorial, Dennis Mertz, BE Feb. 96, p1.

Bridge tests
Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Shakedown Tests of One-Third–Scale Composite Bridge, M. G. Barker, P. M. Bergson, C. E. French, R. T. Leon, T. V. Galambos and F. W. Klaiber, BE Feb. 96, p2-9.

Bridges
Editorial, Dennis Mertz, BE Feb. 96, p1.

Bridges, box girder
Dynamic Behavior of Continuous and Cantilever Thin-Walled Box Girder Bridges, Ton-Lo Wang, Dongzhou Huang and Mohsen Shahawy, BE May 96, p67-75.

Bridges, cable-stayed
Cable-Stayed Bridge Concept for Longer Spans, Uwe Starossek, BE Aug. 96, p99-103.

Bridges, composite
Punching Strength of Deck Slabs in Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE May 96, p59-66.

Shear and Reaction Distributions in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Nov. 96, p155-165.

Bridges, concrete
Ultimate Analysis of Monolithic and Segmental Externally Prestressed Concrete Bridges, Gonzalo Ramos and Angel C. Aparicio, BE Feb. 96, p10-17.

Bridges, continuous
Design Methodology for Strengthening of Continuous-Span Composite Bridges, H. A. El-Arabaty, F. W. Klaiber, F. S. Fanous and T. J. Wipf, BE Aug. 96, p104-111.

Dynamic Behavior of Continuous and Cantilever Thin-Walled Box Girder Bridges, Ton-Lo Wang, Dongzhou Huang and Mohsen Shahawy, BE May 96, p67-75.

Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Bridges, girder
Stretching Span Capability of Prestressed Concrete Bridges under AASHTO LRFD, Yohchia Chen and Alex Aswad, BE Aug. 96, p112-120.

Bridges, highway
Barge Collision Design of Highway Bridges, M. W. Whitney, I. E. Harik, J. J. Griffin and D. L. Allen, BE May 96, p47-58.

Bridges, piers
Nonlinear Pile Foundation Analysis Using Florida-Pier, M. I. Hoit, M. McVay, C. Hays and P. W. Andrade, BE Nov. 96, p135-142.

Bridges, railroad
Loading Spectra for Railway Bridges under Current Operating Conditions, Daniel H. Tobias, Douglas A. Foutch and John Choros, BE Nov. 96, p127-134.

Bridges, spans
Cable-Stayed Bridge Concept for Longer Spans, Uwe Starossek, BE Aug. 96, p99-103.

Bridges, steel
Shakedown Tests of One-Third–Scale Composite Bridge, M. G. Barker, P. M. Bergson, C. E. French, R. T. Leon, T. V. Galambos and F. W. Klaiber, BE Feb. 96, p2-9.

Web Buckle at I-40 Bridge Test, John Minor and Clinton Woodward, BE Feb. 96, p34-36.

Buckling
Web Buckle at I-40 Bridge Test, John Minor and Clinton Woodward, BE Feb. 96, p34-36.

Building codes
Punching Strength of Deck Slabs in Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE May 96, p59-66.

Shear and Reaction Distributions in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Nov. 96, p155-165.

Cantilevers
Dynamic Behavior of Continuous and Cantilever Thin-Walled Box Girder Bridges, Ton-Lo Wang, Dongzhou Huang and Mohsen Shahawy, BE May 96, p67-75.

Codes
Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Collisions
Barge Collision Design of Highway Bridges, M. W. Whitney, I. E. Harik, J. J. Griffin and D. L. Allen, BE May 96, p47-58.

Compression
Web Buckle at I-40 Bridge Test, John Minor and Clinton Woodward, BE Feb. 96, p34-36.

Concrete, prestressed
Analytical and Measured Strains in Sunshine Skyway Bridge. II, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p87-97.

Stretching Span Capability of Prestressed Concrete Bridges under AASHTO LRFD, Yohchia Chen and Alex Aswad, BE Aug. 96, p112-120.

Ultimate Analysis of Monolithic and Segmental Externally Prestressed Concrete Bridges, Gonzalo Ramos and Angel C. Aparicio, BE Feb. 96, p10-17.

Concrete, reinforced
Economic Preliminary Design of Bridges with Prestressed I-Girders, Sami M. Fereig, BE Feb. 96, p18-25.

Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Punching Strength of Deck Slabs in Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE May 96, p59-66.

Concrete slabs
Static Behavior of Noncomposite Concrete Bridge Decks under Concentrated Loads, Michael F. Petrou, Philip C. Perdikaris and Mingzhu Duan, BE Nov. 96, p143-154.

Connections, bolted
Field Study of Pretension in Large-Diameter A490 Bolts, Charles J. Oswald, Robert J. Dexter and Steven K. Brauer, BE Aug. 96, p121-126.

Continuous structures
Shear and Reaction Distributions in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Nov. 96, p155-165.

Creep
Field Instrumentation to Study the Time-Dependent Behavior in Sunshine Skyway Bridge. I, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p76-86.

Curvature
Yield-Interaction Relationships for Curved I-Girders, Charles G. Schilling, BE Feb. 96, p26-33.

Defects
Web Buckle at I-40 Bridge Test, John Minor and Clinton Woodward, BE Feb. 96, p34-36.

Design
Cable-Stayed Bridge Concept for Longer Spans, Uwe Starossek, BE Aug. 96, p99-103.

Stretching Span Capability of Prestressed Concrete Bridges under AASHTO LRFD, Yohchia Chen and Alex Aswad, BE Aug. 96, p112-120.

Discrete elements
Nonlinear Pile Foundation Analysis Using Florida-Pier, M. I. Hoit, M. McVay, C. Hays and P. W. Andrade, BE Nov. 96, p135-142.

Dynamic response
Dynamic Behavior of Continuous and Cantilever Thin-Walled Box Girder Bridges, Ton-Lo Wang, Dongzhou Huang and Mohsen Shahawy, BE May 96, p67-75.

Economics
Economic Preliminary Design of Bridges with Prestressed I-Girders, Sami M. Fereig, BE Feb. 96, p18-25.

Experimentation
Shakedown Tests of One-Third–Scale Composite Bridge, M. G. Barker, P. M. Bergson, C. E. French, R. T. Leon, T. V. Galambos and F. W. Klaiber, BE Feb. 96, p2-9.

Field tests
Field Instrumentation to Study the Time-Dependent Behavior in Sunshine Skyway Bridge. I, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p76-86.

Field Study of Pretension in Large-Diameter A490 Bolts, Charles J. Oswald, Robert J. Dexter and Steven K. Brauer, BE Aug. 96, p121-126.

Web Buckle at I-40 Bridge Test, John Minor and Clinton Woodward, BE Feb. 96, p34-36.

Finite element method
Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Flexure
Static Behavior of Noncomposite Concrete Bridge Decks under Concentrated Loads, Michael F. Petrou, Philip C. Perdikaris and Mingzhu Duan, BE Nov. 96, p143-154.

Girders
Economic Preliminary Design of Bridges with Prestressed I-Girders, Sami M. Fereig, BE Feb. 96, p18-25.

Web Buckle at I-40 Bridge Test, John Minor and Clinton Woodward, BE Feb. 96, p34-36.

Yield-Interaction Relationships for Curved I-Girders, Charles G. Schilling, BE Feb. 96, p26-33.

High strength bolts
Field Study of Pretension in Large-Diameter A490 Bolts, Charles J. Oswald, Robert J. Dexter and Steven K. Brauer, BE Aug. 96, p121-126.

Impact loads
Barge Collision Design of Highway Bridges, M. W. Whitney, I. E. Harik, J. J. Griffin and D. L. Allen, BE May 96, p47-58.

Dynamic Behavior of Continuous and Cantilever Thin-Walled Box Girder Bridges, Ton-Lo Wang, Dongzhou Huang and Mohsen Shahawy, BE May 96, p67-75.

Inelastic action
Shakedown Tests of One-Third–Scale Composite Bridge, M. G. Barker, P. M. Bergson, C. E. French, R. T. Leon, T. V. Galambos and F. W. Klaiber, BE Feb. 96, p2-9.

Yield-Interaction Relationships for Curved I-Girders, Charles G. Schilling, BE Feb. 96, p26-33.

Inland waterways
Barge Collision Design of Highway Bridges, M. W. Whitney, I. E. Harik, J. J. Griffin and D. L. Allen, BE May 96, p47-58.

Innovation
Cable-Stayed Bridge Concept for Longer Spans, Uwe Starossek, BE Aug. 96, p99-103.

Instrumentation
Field Instrumentation to Study the Time-Dependent Behavior in Sunshine Skyway Bridge. I, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p76-86.

Interactions
Yield-Interaction Relationships for Curved I-Girders, Charles G. Schilling, BE Feb. 96, p26-33.

Linear programming
Economic Preliminary Design of Bridges with Prestressed I-Girders, Sami M. Fereig, BE Feb. 96, p18-25.

Live loads
Stretching Span Capability of Prestressed Concrete Bridges under AASHTO LRFD, Yohchia Chen and Alex Aswad, BE Aug. 96, p112-120.

Load distribution
Design Methodology for Strengthening of Continuous-Span Composite Bridges, H. A. El-Arabaty, F. W. Klaiber, F. S. Fanous and T. J. Wipf, BE Aug. 96, p104-111.

Shear and Reaction Distributions in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Nov. 96, p155-165.

Load factors
Stretching Span Capability of Prestressed Concrete Bridges under AASHTO LRFD, Yohchia Chen and Alex Aswad, BE Aug. 96, p112-120.

Loading
Loading Spectra for Railway Bridges under Current Operating Conditions, Daniel H. Tobias, Douglas A. Foutch and John Choros, BE Nov. 96, p127-134.

Loads
Loading Spectra for Railway Bridges under Current Operating Conditions, Daniel H. Tobias, Douglas A. Foutch and John Choros, BE Nov. 96, p127-134.

Moment distribution
Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Nonlinear analysis
Nonlinear Pile Foundation Analysis Using Florida-Pier, M. I. Hoit, M. McVay, C. Hays and P. W. Andrade, BE Nov. 96, p135-142.

Ultimate Analysis of Monolithic and Segmental Externally Prestressed Concrete Bridges, Gonzalo Ramos and Angel C. Aparicio, BE Feb. 96, p10-17.

Numerical models
Ultimate Analysis of Monolithic and Segmental Externally Prestressed Concrete Bridges, Gonzalo Ramos and Angel C. Aparicio, BE Feb. 96, p10-17.

Pile foundations
Nonlinear Pile Foundation Analysis Using Florida-Pier, M. I. Hoit, M. McVay, C. Hays and P. W. Andrade, BE Nov. 96, p135-142.

Post tensioning
Design Methodology for Strengthening of Continuous-Span Composite Bridges, H. A. El-Arabaty, F. W. Klaiber, F. S. Fanous and T. J. Wipf, BE Aug. 96, p104-111.

Prestressing
Economic Preliminary Design of Bridges with Prestressed I-Girders, Sami M. Fereig, BE Feb. 96, p18-25.

Pretensioning
Field Study of Pretension in Large-Diameter A490 Bolts, Charles J. Oswald, Robert J. Dexter and Steven K. Brauer, BE Aug. 96, p121-126.

Probability distribution
Loading Spectra for Railway Bridges under Current Operating Conditions, Daniel H. Tobias, Douglas A. Foutch and John Choros, BE Nov. 96, p127-134.

Professional practice
Editorial, Dennis Mertz, BE Feb. 96, p1.

Punching
Punching Strength of Deck Slabs in Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE May 96, p59-66.

Pylons
Cable-Stayed Bridge Concept for Longer Spans, Uwe Starossek, BE Aug. 96, p99-103.

Railroad cars
Loading Spectra for Railway Bridges under Current Operating Conditions, Daniel H. Tobias, Douglas A. Foutch and John Choros, BE Nov. 96, p127-134.

Rehabilitation
Design Methodology for Strengthening of Continuous-Span Composite Bridges, H. A. El-Arabaty, F. W. Klaiber, F. S. Fanous and T. J. Wipf, BE Aug. 96, p104-111.

Reinforcement
Static Behavior of Noncomposite Concrete Bridge Decks under Concentrated Loads, Michael F. Petrou, Philip C. Perdikaris and Mingzhu Duan, BE Nov. 96, p143-154.

Research
Editorial, Dennis Mertz, BE Feb. 96, p1.

Resistance factors
Stretching Span Capability of Prestressed Concrete Bridges under AASHTO LRFD, Yohchia Chen and Alex Aswad, BE Aug. 96, p112-120.

Risk analysis
Barge Collision Design of Highway Bridges, M. W. Whitney, I. E. Harik, J. J. Griffin and D. L. Allen, BE May 96, p47-58.

Segmented elements
Ultimate Analysis of Monolithic and Segmental Externally Prestressed Concrete Bridges, Gonzalo Ramos and Angel C. Aparicio, BE Feb. 96, p10-17.

Shear
Shear and Reaction Distributions in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Nov. 96, p155-165.

Skew bridges
Shear and Reaction Distributions in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Nov. 96, p155-165.

Skewed structures
Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Skewness
Punching Strength of Deck Slabs in Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE May 96, p59-66.

Slabs
Punching Strength of Deck Slabs in Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE May 96, p59-66.

Soil-structure interaction
Nonlinear Pile Foundation Analysis Using Florida-Pier, M. I. Hoit, M. McVay, C. Hays and P. W. Andrade, BE Nov. 96, p135-142.

Spectra
Loading Spectra for Railway Bridges under Current Operating Conditions, Daniel H. Tobias, Douglas A. Foutch and John Choros, BE Nov. 96, p127-134.

Static loads
Static Behavior of Noncomposite Concrete Bridge Decks under Concentrated Loads, Michael F. Petrou, Philip C. Perdikaris and Mingzhu Duan, BE Nov. 96, p143-154.

Steel
Girder Moments in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Feb. 96, p37-45.

Static Behavior of Noncomposite Concrete Bridge Decks under Concentrated Loads, Michael F. Petrou, Philip C. Perdikaris and Mingzhu Duan, BE Nov. 96, p143-154.

Strain
Analytical and Measured Strains in Sunshine Skyway Bridge. II, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p87-97.

Strain measurement
Analytical and Measured Strains in Sunshine Skyway Bridge. II, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p87-97.

Structural behavior
Analytical and Measured Strains in Sunshine Skyway Bridge. II, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p87-97.

Field Instrumentation to Study the Time-Dependent Behavior in Sunshine Skyway Bridge. I, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p76-86.

Structural response
Shear and Reaction Distributions in Continuous Skew Composite Bridges, Tarek Ebeido and John B. Kennedy, BE Nov. 96, p155-165.

Temperature
Field Instrumentation to Study the Time-Dependent Behavior in Sunshine Skyway Bridge. I, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p76-86.

Thin wall structures
Dynamic Behavior of Continuous and Cantilever Thin-Walled Box Girder Bridges, Ton-Lo Wang, Dongzhou Huang and Mohsen Shahawy, BE May 96, p67-75.

Time dependence
Analytical and Measured Strains in Sunshine Skyway Bridge. II, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p87-97.

Field Instrumentation to Study the Time-Dependent Behavior in Sunshine Skyway Bridge. I, Mohsen A. Shahawy and M. Arockiasamy, BE May 96, p76-86.

Torsion
Yield-Interaction Relationships for Curved I-Girders, Charles G. Schilling, BE Feb. 96, p26-33.

Trusses
Design Methodology for Strengthening of Continuous-Span Composite Bridges, H. A. El-Arabaty, F. W. Klaiber, F. S. Fanous and T. J. Wipf, BE Aug. 96, p104-111.

Webs
Web Buckle at I-40 Bridge Test, John Minor and Clinton Woodward, BE Feb. 96, p34-36.

Yield
Yield-Interaction Relationships for Curved I-Girders, Charles G. Schilling, BE Feb. 96, p26-33.
